## MAKE THE OLD TOWN LOOK GLAD.

We have announced the First Annual Fair for Morrow County. We have gone to much expense and labor to secure a creditable showing of our products and industries. It is not the purpose of the management to foist upon the public a lot of fake shows from the outside, or to countenance or encourage grafts of any kind. We do not believe that the success of the Fair depends upon a series of cheap and worthless amusements that are dear at any price. A county fair should be an exhibition of the county's products and resources. Its purpose is educational. A fair should leave the people wiser, better prepared to meet the tasks of every day life and overcome its difficulties.

Every citizen ought to give of his best, therefore, to make this initial fair an all round success. Some extra efforts should be made in the matter of decorating the principal streets, public buildings and business houses for the occasion. This should by no means be overlooked. As it is a proposition that the Committee is not prepared to finance, any expense incurred or labor performed will have to be voluntarily contributed. Surely there is sufficient local pride among our citizens to clothe the "Old Town" in holiday garb for this "coming out" occasion. Who will lead the way?

## NEEDS NO COMMENT.

In the last issue of the Heppner Gazette-Times appeared the following news item:

"L. K. Harlan, of the Ione Bulletin, was a visitor in Heppner over Friday, and while here was busy interviewing some of our citizens on the proposition of moving his paper from Ione to Heppner. What encouragement he received we did not learn."

In the first place the editor of the Bulletin wishes to brand assertion as an unmitigated lie. It is very evident that Mr. Crawford sees something slipping and resorts to this method as a means of causing unrest in the minds of our subscribers which would end in their withholding their support from us. The truth of the matter regarding the Bulletin editor's invasion of the Heppner territory is another story. First he is called upon to aid the Heppner baseball team. Next he solicits subscriptions and advertisements for the Bulletin from Heppner business men and citizens. After a few issues of the Bulletin had appeared he was approached by no less than a dozen prominent Heppner business men and citizens and urged to establish a paper in Heppner. Enthusiasts even offered to make cash contributions if we complied with their requests. Wishing to determine from what sources he could expect support in the event he decided to establish a regular newspaper in Heppner, the Bulletin editor broached the matter to several other interested parties, but at no time and in no place did he speak of moving the Bulletin from Ione. He can name at least ten prominent Heppner people who urged that he do this very thing but at no time has he considered this proposition. If he ever decides to give Morrow County one other good paper he will doubtless select Heppner for a location but when he does will be equipped with an entirely new plant and the Ione Bulletin will continue to be published just as long as it has the amount of patronage that has been accorded it so far. That is entirely up to the business men and citizens of this vicinity.

In closing we would advise friend Crawford that in the future he depend upon his information being secured first hand and not depend upon hearsay for articles which he publishes as

the truth. We assure him that we are open for an interview at any time and will gladly give him any information he may desire. At the present time we will announce that we are still considering the proposition of establishing a real paper there and when the proper support is forthcoming will not hesitate because Mr. Crawford thinks he has a mortgage on all business in the printing line in Morrow County.—Ione Bulletin, August 28.

We give the above row in our columns for the reason that we desire it to have publicity. We are glad to note the frankness of friend Harlan; he is nothing at all if he is not frank; and as he virtually admits all we stated in our news item, further comment is unnecessary.

## SCHOOL NOTES.

By Supt. Notson.

The new courses of study are now out, and a limited supply has been furnished for distribution to teachers. The outlines are clear, and the suggestions are most excellent. It is to be hoped that every teacher will read the course through carefully upon receiving it. The new high school course is much more flexible than the former courses. It is the required course for all schools of the second and third class. Districts of the first class, that is those having more than one thousand pupils, may adopt their own courses. While the State Superintendent has planned the course with the idea in mind that not many will go from the high school to college, the course is so arranged that those who expect to enter college may take the work which will entitle them to entrance.

Hon. P. P. Claxton, United States Commissioner of Education, is inaugurating a campaign for the organization of a parent-teacher association in every school district in the United States. He has enlisted the co-operation of the State and county superintendents in all the States. He is now trying to secure the co-operation of the teachers and a few patrons in each district. If you receive an invitation to aid in this work, you should be ready to respond as far as you can. The movement has been tried out and wherever given a fair trial has been very gratifying. In too many districts the patrons are inclined to think that the teachers and the pupils are able to take care of all the school interests in the district, and the result is that there is often a lack of co-operation and sympathy. One feature which the Honorable Commissioner is trying to encourage is the making of the school a social and civic center. The school is to be brought into the life of the community, and the community is to have a larger interest in the school life.

The new system of writing adopted by the text-book commission is radically different from the former system in use in this State. It may be difficult for teachers to secure the best results at first unless they have some instruction in the methods of the new system. On that account, the Palmer Company, who publish the new system, will send an expert instructor to the institute. A much larger portion of the time of the institute will be given to writing than has been given at any previous time. It would be a good plan for every young person who expects to teach within the next two years to attend the institute and receive this instruction. Teachers of schools which at once begin work with the new system will be entitled to the free correspondence course given by the publishers. It will pay any teacher to take this course if she can possibly find time to do the work. There never was a time when the demand for good, rapid, plain handwriting was greater than at this time. The new system of writing has been thoroughly tested in the schools of New York and Chicago and has proven a success.

The interest shown by the children who are making inquiries in regard to the fair is very gratifying. Let every one entitled to enter the contests try to do something. Some may be able to compete for several prizes, and they should do so. The time is short, but there is time for sewing, cooking, fruit canning, jelly making, and mechanical work. Get busy. Parents, encourage your children to enter the contests.

Enterprise is to have a new theater, built of native black marble. Wallowa county has the greatest variety of fine building stone to be found in the state.

## Death Calls.

Mattie Grace Cox, daughter of Mr. and Mrs. F. D. Cox, was born at their home on Hinton creek, June 17, 1899. She passed away Saturday morning, August 30th, 1913, at the St. Charles Hospital of this city where she had undergone an operation for peritonitis.

She had been sick only a few days, so her death was a shock to all who knew her.

She leaves, to mourn her loss, her parents, eight sisters and four brothers besides many friends.

She was of a sweet sunny disposition, having a smile and a kind word for every one, and was such a help and comfort to her parents.

Though her passing to the better world has left a void in our lives which can never be filled, we know that of such is the Kingdom of Heaven.

"It is sad that one we cherish should be taken from our home, but the joys that do not perish live in memory alone."

All the years we've spent together, All the happy, golden hours, Shall be cherished in remembrance, Fragrant sweets from memory's flow'ers."

## CECIL BREVITIES.

Willie Ahalt went to Heppner Tuesday evening.

Fred Buchanan was a Cecil visitor from Echo the last of the week.

Mrs. Peter Nasif, Jr. and two little sons arrived Friday from Moro, Sherman Co. and will spend a week or two with relatives here.

Ed. Farnsworth and Alex. Wilson spent Monday in Cecil. They were looking after their cattle which is being pastured near here.

Mr. Newton Jansen arrived from Ravenwood, Mo., Friday for a month's visit with Mr. and Mrs. J. W. Osborn of this place. Mr. Jansen is a cousin of Mr. and Mrs. Osborn's.

N. E. Lee and daughters, Doris and Ethel were passengers down the line Friday. The latter visiting at The Willows and Mr. Lee going to Pendleton as a witness in a felony case.

L. E. McBee and Grant Buchanan were over from Pendleton Saturday and are making preparations to go over into Harney county after cattle soon. They have purchased about a thousand head to feed during the winter.

It is said to be a fact that every time C. E. Smith's team gets loose they start up the creek. "Force of habit," we suppose is the cause. But it takes a great deal of Mr. Smith's time in bringing them home and the trait should be counteracted.

We are reliably informed that Robbie Wilson is an expert Panzer Hauger, that he has served his apprenticeship, and that all work entrusted to him will be speedily and carefully done. It takes him only ONE WEEK to paper a room 10x12 and all work guaranteed.

If any one thinks we can't raise peaches and watermelons around Cecil let them come and be convinced. Mr. Jack Hynd has loads of luscious peaches as large as teapots and there are others who can run him a close opposition. The melons also have a decidedly fine flavor this year perhaps owing to the warm weather.

An auto got crumpled Wednesday when about a mile and a half west of this place and was towed into this station and shipped out Friday. We did not learn the owners names or destination but the machine did not look "sea worthy" to withstand the ruts and sand which just now makes auto traveling anything but enjoyable.

## LEXINGTON ITEMS.

Mr. Fiddler and granddaughter were Portland passengers Monday.

David Hynd is in from Sand Hollow every other day being busy hauling his winters supply of wood and coal.

Mr. and Mrs. Eb. McMillan are enjoying a vacation going via the automobile.

We saw Mrs. Frank Evans in town early Monday morning. Mrs. Evans came to see a friend off on the morning train.

T. C. Scott, formerly of Lexington now of Salem is visiting his son Henry and his daughters Mrs. Will Coppenhaver and Mrs. Will Tucker.

Next Monday school commences and the teachers are beginning to arrive. Miss Olmsted came Monday morning and is busy greeting friends and acquaintances.

Chas. Batchell had the misfortune to lose a finger nail while working on the header. It seems his brother was doing some repairing also on it and thinking Chas. had moved to another part of the machine, began unscrewing a fixture which caught Chas. finger taking the nail off.

## I. O. O. F. 7 per cent BONDS.

The issue is limited to 180 One Hundred Dollar Bonds, \$18,000. During the month of August 100 or \$10,000.00 were sold.

They are absolutely safe, paying 7 per cent interest semi-annually, and will make an A No. 1 investment for anyone having \$100.00 or more to invest.

Citizens of Heppner and vicinity should have pride enough in their town to take the issue entire, and not see the Oddfellows lose their fine building.

No money required until the Bonds are issued.

## A Statement.

Heppner Oregon, Aug. 22 1913.

I learned today for the first time that a bill amounting to \$132, incurred by me for hospital services rendered my wife during her recent illness, proceeding her death, has been presented to the County court of Morrow county by Dr. Winnard and was paid by the court.

In regard to this action of the court I want the taxpayers of Morrow county to know two things.

1st. That I have not been a resident of Morrow county for over three years and am therefore not entitled to aid from the county.

2nd. That I have never asked for county aid and would not have accepted it had I been notified in regard to the matter. That Dr. Winnard did not present any bill or statement to me before asking the county for it, nor did the County court give me any notification that it had been asked for.

Mrs. J. Luper.

All ladies are invited.

FREQUENTLY we deprive ourselves of the good things of life simply because we do not know how easily they can be obtained. The only way to obtain the best in Heppner is to patronize the PALACE HOTEL, where you are always at home and welcome.

OUR reasons for soliciting YOUR trade is we have the BEST meals, the BEST rooms, the BEST building in hot and cold weather. A free buss to and from all trains, a large lobby in which to meet your friends, a large parlor facing Main street, that is well heated in cold weather for the wife and children. Paper and envelopes for the asking and a private booth for telephoning.

The BEST way to ascertain if the above are FACTS, is to give us a trial, and if not satisfied, your board and room will not cost you a cent.

WHY? Because we want your trade.
